Pyracantha "VICTORY"

The latest creation in red berried Pyracanthas. Surpasses every known variety in size of berries, thickness of clusters and in the red brilliance of color.

It is a marvelous decorative plant for the winter months, when lack of color prevails in your nursery. It is the best decorative plant for istmas. Berries mature late, showing their st scarlet brilliance around the Holidays, in other Pyracanthas are already in the stage of over-ripeness. They are disliked by birds, and the plant is the most resistant to blight!
